About Me

I am a skilled cloud computing student and developer with Microsoft Certified Professional credentials in two areas and an Oracle Certified Foundations Associate. I am passionate about advancing my expertise and contributing to the industry, and am actively seeking opportunities to enhance my skills. I bring a strong work ethic, dedication to continuous learning, and enthusiasm for cutting-edge technologies to every project I take on.

Experience

Artificial Intelligence Intern at CodeClause

01-Apr-2023 – 30-Apr-2023

Key responsibilities:

- Worked on natural language processing (NLP) tasks, such as sentiment analysis, text classification and plagiarism checker.
- Developed and tested models, such as deep learning models, to find the best-performing one for the task.
